Mr. Frank Marvaldi
Geromes Kitchen and Bath
Mayfield Road
Mayfield, Ohio

Dear Frank:

This is just a quick letter to thank you for the service which you and your company provided to me during the past year involving the restoration of all of the baths in my house.

The quality of the workmanship, the speed of the execution and the responsiveness of you and your staff made what could have been a traumatic experience most tolerable.

I highly recommend the use of Geromes for this kind of a project. The complexity that was required to complete the entire renovation of four (4) baths in a fifty (50) year old house was made to seem almost effortless.

Thank you for your kindness and patience with me during the process of rebuilding.

Sincerely,

A. W. Budden
