

Dear Frank & Friends

The dust has finally settled and we are completely moved into our respective bathrooms. Hoo ah!

To think we found you in a phone book -- the yellow pages, in fact -- this is a fact that simply astounds me. From start to finish the entire crew was just superb. I wish we had found you sooner with many more projects queued-up.

You guys are fantastic. Our bathrooms are fantastic. We could not be happier. Thank you! All our best to you - Betsy Berger
