

Jerome's Design Center,

I am writing this note in regard to the work ethic and craftsmanship that was displayed at our home by your installer Kamel Hanna. This gentleman is a true professional in every sense of the word.

Whenever a craftsman comes into our home and displays the respect and professionalism of Mr. Hanna, I feel compelled to mention this to his employer.

The cabinet refinishing, counter top, sink and faucet, which he renewed in our kitchen, has turned out to be one in which we are both happy and proud to display.

If Mr. Hanna's professionalism is a sample of the employees employed by Jerome's, I'm confident the company can look forward to a long and gainful life.

Sincerely,  
Frank J. Scialappa Sr.
