

Dear Susan

Trust, skill, expertise are an awfully difficult package to find in today's world of business

Just a quick note to thank you & your wife for a job well done. From the beginnings of multiple ideas to the final product, our kitchen & bathrooms are absolutely beautiful and we are thrilled. Not

to mention the fact that Stan & I made it through without any stress on the marriage! ;)

Thanks again for everything - you are simply the best and we would recommend you to anyone who asks!

Stan & Melissa  
Danks
